**Notice of Public Meeting
To Discuss Possible Amendments to Liquid Waste Regulations
Wednesday, October 26, 2011, 6:30 p.m.
Rio Arriba County Commission Chambers, 1122 Industrial Park Road
Española, NM**

The New Mexico Environment Department (Department) has identified the need to update and amend the Liquid Waste Disposal and Treatment Regulations (20.7.3 NMAC) and the Liquid Waste Treatment and Disposal Fees Regulations (20.7.11 NMAC). The Department wishes to obtain stakeholder input on these issues prior to filing a formal petition for proposed regulation amendments with the Environmental Improvement Board (EIB).

Drafts of the regulation amendments that we are contemplating are posted on the Department's Liquid Waste Program website at this location <http://www.nmenv.state.nm.us/fod/LiquidWaste/>. We invite you to review these drafts and to submit written comments. Comments should be submitted by close of business on Friday, November 4, 2011, to Brian Schall, NMED Liquid Waste Program, 5500 San Antonio Drive NE, Albuquerque, NM 87109. Mr. Schall also may be reached at 505-222-9513 or at brian.schall@state.nm.us.

The Department will host a public meeting to discuss possible regulation amendments on Wednesday, October 26, 2011, 6:30 p.m., at the Rio Arriba County Commission Chambers, 1122 Industrial Park Road, Espanola, NM.

Liquid waste system installers and inspectors, homebuilders, realtors and other interested stakeholders are invited to attend and to provide their comments and suggestions on what amendments should be made.
